For MT5

<https://download.mql5.com/cdn/web/metaquotes.software.corp/mt5/MetaTrader5.dmg>

**Note: Installation steps for Metatrader 4 and Metatrader 5 is the same. Therefore, we will only be showing the steps for Metatrader 5.**

### Step 2

- 1) Double click on Metatrader5.dmg file.

- 2) The installation page should pop up. Then drag the "MetaTrader 5" icon into "Applications".

To install this software, drag the icon to your Applications folder (or whatever folder you want). After installation, feel free to remove the install disk or disk image.

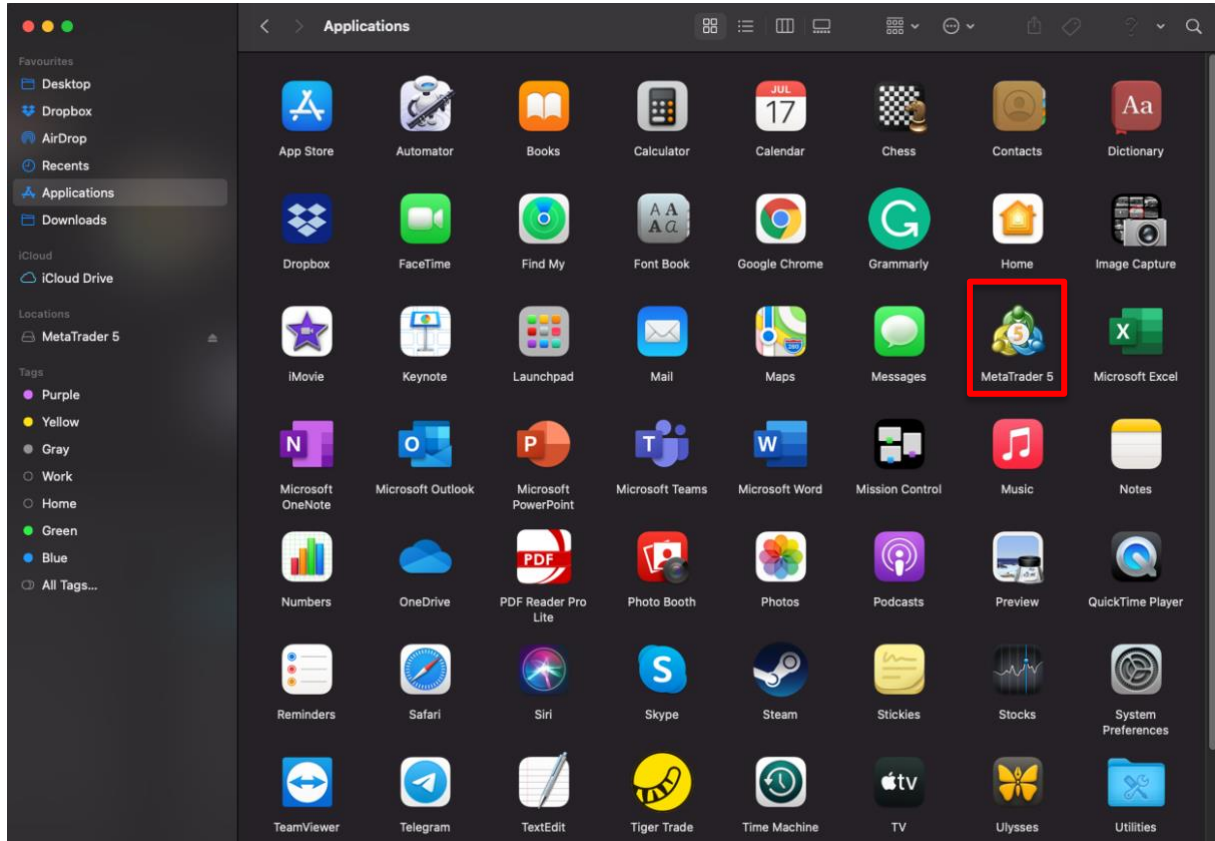

**Risk Disclosure:** Trading foreign exchange on margin carries a high level of risk, and may not be suitable for all investors. The high degree of leverage can work against you as well as for you. Before deciding to trade foreign exchange you should carefully consider your investment objectives, level of experience and risk appetite. The possibility exists that you could sustain a loss of some or all of your initial investment and therefore you should not invest money that you cannot afford to lose. You should be aware of all the risks associated with foreign exchange trading, and seek advice from an independent financial advisor.

### Step 6

Choose either to open a demo account, a real account or if you have an account with Fullerton Markets already, you can login from here as well.

**Open an account**  
Trade real or virtual money and gain experience

Open a demo account to trade virtual money without risk  
A demo account allows you to learn trading on stock exchanges and test your strategies. While doing that, you do not risk anything as you use pure virtual money.

Open a real account for live trading  
A real account requires additional proof of identity. You will need to provide copies of identification documents.

Connect with an existing trade account
